

LEAGUE ASSEMBLY HITS SNAG: OVER INTERNATIONAL COURT

BELIEVE TRIBUNAL WILL NOT FUNCTION FOR SEVERAL YEARS

Divergence Of Views Of
Delegations May Mean
Trouble

BELGIAN PRESIDENT

This Court Keystone Of
Effectiveness Of League
Of Nations.

Geneva, Nov. 16.—Tumult broke out today in the meeting of the League of Nations assembly when President Paul Hymans was accused of not reading motions before putting them before the delegates. The accusation was made by Sir J. E. Foster, of Canada, during debate upon the rules. President Hymans resented the imputation but the Canadian delegate kept shouting his protests despite the sharp pounding of the president's gavel.

Japan suffered her first defeat when the Japanese delegation attempted to obtain a rule that half of the chairmen of committees be chosen from outside of Europe. The proposal was rejected.

Geneva, Nov. 16.—The divergence of views of the delegations attending the League of Nations assembly meeting regarding the organization of an international court of justice and arbitration made it appear extremely unlikely today that the tribunal would be functioning among the great powers for two or three years.

This court was the one keystone upon which the proponents of the League of Nations had counted for the perpetuation of world peace. Officials of the league and the secretariat admitted with reluctance that it seemed unlikely that any agreement would be reached during the present meeting. It is understood that their conclusions were founded, to some extent, upon the absence of the United States.

A majority of the delegates probably will vote through a plan for the organization of an international court after several days' debate for the rejection of immaterial amendments, but the plan must receive the approval of the various governments before it can be put into effect.

Some of the delegations came to Geneva with amendments which their governments claim are necessary to the successful functioning of the court. It is considered certain these governments will hold aloof if their amendments are rejected in the hope of gaining support for their contentions at future meetings. Thus the whole scheme for the creating of the court would be delayed indefinitely.

Meeting to Drag.
If bickering arise over trivial points and it seems likely they will, the present meeting may drag along until Christmas. Delay is being caused over the translation of speeches and motions from English to French and vice versa. Some of the delegates who speak both French and English have already engaged in disputes with the official interpreters claiming their remarks were misinterpreted.

It began to appear that the Japanese delegation will not press its resolution for racial equality as the result of the counsels of powerful friends.

Paul Hymans, Belgian foreign minister who was elected president of the assembly is receiving telegrams of congratulation from all parts of the world.

Today's session opened at 10:30 o'clock when certain proposals that had been made by Scandinavian countries were taken under debate.

WORLD WAR VETERAN CRUSHED BY TRUCK

Mansfield, O., Nov. 16.—Milo Thrush, a world war veteran was almost instantly killed last night when a heavy truck passed over his body. He was bringing a load of logs to his father's sawmill when something went wrong with the engine. Thrush got off the truck telling his companion to drive slowly so he could detect the trouble. Thrush's feet slipped on the oily paving and he fell in such a manner that the truck passed over his body.

NEW BANK FORMED.
New Washington, Nov. 16.—The new Citizens State Bank was organized here Saturday with a capital stock of \$50,000. The bank is the second bank in the village.

RUSSIAN SOVIET TROOPS OCCUPY CITY OF SEBASTOPOL; U. S. DESTROYERS ON JOB

Constantinople, Nov. 16.—Russian soviet troops have occupied Sebastopol and are strengthening the defense of the city. The last of the refugees that left the Crimean city Sunday night just before the reds entered, arrived here today. General Wrangle

ENGLISH CABINET ONLY WAR BODY NOW REMAINING

The defeat of the Venizelists in the Greek election leaves the Lloyd George cabinet in England as the only war government in Europe which has survived the world conflict. Russia is not taken into consideration as the soviet regime at Moscow has not been recognized by the allied powers. The war governments of the following European nations have fallen: France, Italy, Belgium, Portugal, Germany, Austria, Hungary, Bulgaria and Serbia. The war government of the United States also has gone by the defeat of Governor James M. Cox who was pledged to carry out the policies of President Wilson.

SENATOR HARDING NOW ON LAST LAP OF HIS VACATION

Two Conferences Are
Planned for Tuesday By
President-elect

Brownsville, Texas, Nov. 16.—President-elect Warren G. Harding today, on the last lap of his vacation in Texas as is, for the first time since leaving his home in Marion, turning his thoughts to things other than rest and recreation.

Senator Harding has two conferences planned for today, one with Senator Albert Fall of New Mexico and one with Governor W. F. Hobby of Texas. Both of these men are deeply interested in the Mexican situation, and it is understood they will give the senator the benefit of their knowledge, although the president-elect has stated very definitely that he will not commit himself on the Mexican situation until after he has taken office.

Senator Fall today insisted that his visit to Brownsville was merely the purpose of paying his personal respects to the president-elect, but he commented on pictures of Francisco Villa at the plow stating his belief that Villa would not remain behind the plow.

Governor Hobby came to Brownsville today in a special train and sought to give an official greeting to the president-elect. It was expected he would discuss briefly two matters which are of vital interest to this state, namely Mexico and credit for agricultural purposes.

The troops at Fort Brown will be drawn up today for formal review by Governor Hobby and President-elect Harding may participate in the review although he has previously reviewed these troops.

If the conferences today permit, the senator will play golf late in the afternoon.

U. S. SHIPPING BOARD PROBE CONTINUES

New York, Nov. 16. It was a keenly expected gathering of spectators that crowded the courtroom in federal building here today where the congressional investigating committee is delving into the activities of the U. S. Shipping Board. Reports have been making the rounds for some days that Chairman Walsh has some surprises in store. The names of nationally prominent men have been mentioned as probable witnesses.

With a mass of evidence already furnished tending to bear out the charges of graft, waste and inefficiency the report persists that important "higher ups" are to be summoned to the stand.

The early hours of today's session while bringing forth fresh testimony of collusion and waste, did not develop the "surprise" predicted. Chairman Walsh's policy is not to tell in advance whom he is going to interrogate next, so the anticipatory atmosphere is still tense.

URBANA FIREMAN KILLED IN WRECK

Urbana, O., Nov. 16.—Austin White, 22 years old, city fireman, was killed instantly and Chief Geo. Donnavon was seriously injured when the automobile in which they were riding was hit by a Pennsylvania fast train this morning. Chief Donnavon was hurt about the chest and had three ribs broken.

They were on a tour of inspection of water plugs.

I was the last of the anti-bolshevik force to leave. He departed on the French warship Waldeck Rousseau. Three United States destroyers—the Humphreys, Whipple and John Edwards—have arrived from Sebastopol with fugitives and wounded soldiers.

FIGURE IN NEWSPAPER CHARGE

Investigation into the Wall street bomb explosion, which cost more than thirty lives and a property damage of millions, is again in full swing as a result of disclosures and allegations by newspapers and other sources. According to a New York evening newspaper, the explosion was caused by a war between the Housewreckers' Union No. 95, headed by William Zaranko, and other building trades organizations headed by Robert P. Brindell, New York's "labor czar." While not accusing any person or union specifically with the crime the newspaper asserts that the explosion was an attempt to "get" Brindell. Zaranko has been questioned by the Federal authorities. He said he was positive that no man in his organization had anything to do with the catastrophe.

BETWEEN TWO AND THREE MILLION WORKERS OUT OF EMPLOYMENT

Strike By Public Against Buying Is Underlying Cause
Of Present Slump In Industry—Workers Refuse Employment at Lower Wages.

Washington, Nov. 16.—Between 2,000,000 and 3,000,000 workers are out of employment, department of labor officials estimated today.

The estimate is conservative, according to Wade Skinner, assistant director of employment, speaking in the absence of Director John B. Dinsmore.

The division of employment is getting machinery ready to make a nationwide industrial survey. When this information is complete the departments of labor and commerce are expected to act to avert national disaster. Labor leaders predict soup kitchens and hunger riots the coming winter unless steps are taken immediately to check what they claim is the worst wave of unemployment since 1907.

Warning that conditions such as now exist breed bolshevism will be issued by the executive council of the American Federation of Labor, if a statement, now contemplated, is drafted, calling on the unions to resist nation wide slacking of wages. According to department of labor officials, conditions will not be permitted to reach the alarming stage forecast by the labor leaders. A strike by the public against buying is the underlying cause of the present slump in industry, they said today.

At the Washington headquarters of the National Industrial conference board, which represents the big employers of the country, it was said the situation is not so serious as it appears, that a readjustment of prices is taking place and that retailers are bound to follow the downward trend of wholesale prices. There is enough work, the board claims, out unemployed workers refuse to accept jobs at reduced wages.

The increasing flow of immigrants has complicated the present unemployment problem. The American Federation of Labor, supported by the department of labor, will demand restricted immigration through the raising of educational requirements and a distribution plan by which a large percentage of the incoming European hordes may be diverted from factories to farms. It is usual that this time of the year for the railroads to lay off men in certain departments, railroad union officials stated today, but more than the normal number of railroad workers are out of employment because of the decrease in shipments of steel and grain.

Lack of stabilization in industry, profiteering and industrial unrest caused by refusal of employers to deal with trade unions through collective bargaining are attributed by the American Federation of Labor as causes for the slump in production.

OPEN DAYTON PIKE TO TRAFFIC NOW

With the completion of road repairs on the Dayton and Xenia pike, traffic is now permitted according to County Surveyor W. J. Davis.

The road has been partially closed for traffic for some time, during repair work by the county road machinery, but motorists now have the advantage of a smooth highway from here to Dayton.

With the laying of brick pavement on Dayton Avenue, the newly repaired road on the Greene county end of the pike, and the concrete paved road on the Montgomery county end, the inter-city highway is now one of the best drives out of Xenia.

GREEK CABINET HEADED BY PREMIER VENIZELOS RESIGNS FOLLOWING OUTCOME OF ELECTIONS

POLITICAL RIOTS IN GREECE CAUSE TWO DEATHS; VENIZELISTS ARE DEFEATED

General Election In Greece Sunday Marked By Two
Fatalities—Followers Of Venizelos Are Defeated
By Monarchist Party Under Constantine.

Athens, Nov. 16.—Two Venizelists were killed in political riots which broke out here today following the general election on Sunday.

With virtually all the returns in, all indications point to the defeat of the Venizelists (the supporters of Premier Venizelos) by the monarchists (supporters of former King Constantine). However, some of the Venizelist newspapers refused to concede defeat and still claimed that the premier's party would have a small majority in the chamber of deputies. This optimism was not shared by members of the Venizelos government. Announcement was made that Venizelos would resign without waiting for the convocation of the new parliament if the final returns made it certain that the monarchists were victorious.

BUSINESS OUTLOOK BRIGHT IS BELIEF NOW BEING HELD

Steadiness in Various Industries and Trades
Is Noted.

Washington, Nov. 16.—Optimistic reports of the business situation, reflecting more steadiness in various industries and trades than was noted a few weeks ago, in the midst of the precipitate price recessions have come to the federal reserve board from chief reserve bank centers.

Indications given by these reports, it was officially said, were that with the process of reducing inventories in various lines, business is nearing the stage of completion and that the transition back to a more normal peace footing in business will reach a stable stage by early spring.

Unemployment on a larger scale than is usual at this time of the year continues to be noted by the reserve board and factories are not running in all sections up to their usual fall schedules, but this is not viewed by officials as surprising in the light of the readjustments made necessary by sharp price drops.

Reserve bank reports summarizing conditions and without attempting to specify particular trades or industries, offer hopeful assurance that, while business men have had to take losses in the readjustment the buying power of the public continues sufficiently strong to justify future operations upon an ambitious scale.

WILL REQUEST MORE HIGHWAY LEGISLATION

Columbus, O., Nov. 16.—Preparatory to requesting additional highway legislation at the hands of the state legislature this winter, members of the Ohio Good Roads Federation will make a survey in all the counties of the state for the purpose of determining needed improvement.

Advocacy of placing the state highway department in charge of maintenance of the state's entire main market road system was voiced by State Highway Commissioner Taylor. The department now has control of improved sections only. He said Counties are neglecting numerous unimproved sections, badly in need of repair and maintenance, incorrectly believing the state has the power to take care of these roads.

WILMINGTON MAN KILLED AS TOWER IS BEING RAZED

John Miller, 54, Wilmington resident, was instantly killed Sunday, when a heavy piece of steel from the Wilson tower which is being razed in that city, fell striking him on the head.

Miller was among the on-lookers watching the work of completing the removal of the tower at the time. Witnesses heeded a warning to stand back as the last piece of the structure was loosened to fall, but Miller was standing too close to the tower and the flying piece of steel crushed his skull, killing him instantly. He leaves four children.

LIFE SENTENCE IS GIVEN MURDERER

Dayton, O., Nov. 16.—Charlie Dayton Jones, 24, Saltsville, Va., found guilty of slaying and robbing Morris Herman, Boston, in his pawnshop here August 23, last, was sentenced to life today. The jury recommended mercy. He goes up Thursday.

NEW REGENT GIVEN FULL GOVERNMENTAL POWERS BY CABINET

Premier Venizelos Himself
Defeated At General
Elections.

FORM NEW CABINET

Personel Of New Chamber
Gives Constantinists
Lead Of 132 Seats

London, Nov. 16.—The Greek cabinet headed by Premier Venizelos has resigned as a result of the defeat of the Venizelists in the general elections said a news agency dispatch from Athens this afternoon.

Former Premier Rallis, who is in power under the old regime has been called to form a new cabinet. The Athens bourse was closed today in fear of a financial crash.

Admiral Coundouriotis, the new Greek regent, was requested to take over full powers of government by the Venizelos cabinet before it resigned, the news agency dispatch added.

Admiral Coundouriotis was elected regent by the Greek chamber of deputies following the death of King Alexander. Prince Paul was summoned to the throne in the line of succession but he was absent from the country and Admiral Coundouriotis was chosen to serve as the head of the state until Paul arrives in Athens.

New Cabinet Selected.
After conferring with political advisers M. Rallis refused to attempt the formation of a new cabinet and the task was delegated to Demetrios Gounaris, a bitter political enemy of Venizelos. The latest returns, according to Athens advices this afternoon, show that the personnel of the new chamber will be as follows:
Constantinists 250 seats.
Venizelists 118 seats.

Even former Premier Venizelos himself was defeated. All the members of the Venizelos cabinet were candidates for election to the chamber but only two were successful.

M. Gounaris was formerly a member of the cabinet and supported ex-king Constantine until Constantine's expulsion by the allies.

Prince Paul will be allowed to ascend the Greek throne without any conditions being imposed, according to advices from Athens to the foreign office. News about members of the Greek chamber of deputies have informed the diplomatic corps at Athens that there will be no change in the Greek foreign policy. Constantine will not be invited to Athens, it was said. The allies fear grave disorders in Greece and precautions are being taken at Athens to cope with them.

Paris, Nov. 16.—Belief was expressed in well informed circles here today that Crown Prince George of Greece, who was expelled with his father, Constantine, by the allies, will succeed Alexander instead of Paul.

ALLEGED DESERTER ARRESTED ON CHARGE OF GIRLS' MURDER

Find Empty Vial In Possession Of Man Suspected.

Chicago, Nov. 16.—Harold Potter, an alleged deserter from the Great Lakes Naval training station, was taken into custody as a suspect early today in the murder of Marie Ramey and Lillian Thompson, actresses whose bodies were found in Grant Park early Sunday morning. Potter was arrested in a North Side cabaret.

The sailor was in uniform when arrested and detectives found an empty vial, which they believe contained poison, in his pockets. Potter declared that the vial had contained whisky.

Witnesses have told the police that they saw two women answering the description of the slain girls, quarreling with a sailor late Saturday night. The coroner believes that the women met their death from over dose of poisonous knockout drops or liquor.

Potter is said to have admitted running away from the Great Lakes station Saturday after he had been released from the brig.

JAPANESE PRECEDENTS SHATTERED BY VISIT OF CROWN PRINCE IN AMERICA

Tokio, Nov. 16.—Crown Prince Hirohito, of Japan, will leave this country early in 1921 for a ten months' visit to the United States, Europe and India, shattering all precedents in Japanese court life. It is definitely announced also that the marriage of the future ruler of Japan will take place in the autumn of 1921, probably immediately after his return from America. This is the first time that a future emperor of Japan has visited Europe or America and it is taken by business and commercial circles to mean a definite departure from one of the old traditions of court life. Crown Prince Hirohito is 19 years old. He has just been appointed a major in the army and a lieutenant commander in the navy. Unlike the recent trip of the Prince of Wales, heir to the British throne, the tour of the Japanese crown prince will not be of an official nature.

CENTRAL HIGH WILL
WIND UP SEASON
NEXT SATURDAY

Central High School football team will wind up its regular schedule of interscholastic games at Dodd's gridiron next Saturday with the Springfield High eleven.

Coach Ward Young's team will, on that day close a checker board season, in which the team took a wallop at old Fate himself, and pulled the impossible at every unexpected moment.

In seven starts on the gridiron, both here and away, the blue and white aggregation has come through with four victories, two defeats and one tie contest. In other words they will need a win over Springfield to put the team well out in front in the way of victories.

Veterans of high school football here who saw the squad that turned out for football practice this fall, were not only surprised at their small number but amazed at their small size. Out of the eleven big huskies who had pranced about the checker board for Coach Fairs' last year, but two were left to tell the tale, one being no other than Captain Paul Boxwell and the other "Bill" LeSourd.

"Dutch" Holland and Beals, other 1919 products showed up later in the season, but it was from this squad, of small untrained and inexperienced moltskinner that Young built his team.

Fans here have been pulling for Captain Boxwell's team this fall, knowing that it was playing under extreme difficulties and they will be with the eleven in the fracas next Saturday. It has been the custom for Springfield to defeat Xenia, but the Clark county outfit is going to find more than just 11 players performing on Dodd's gridiron this week end. Springfield on the other hand has been soundly trounced several times this season, which shows that such a situation is not impossible, and while the locals are expecting to find stiff opposition, there is every possibility of a victory over the Springfield team which would truly be a noble seasonal windup.

XENIA LIONS CLUB
ORGANIZES WITH
OFFICERS MONDAY

Dr. B. R. McClellan, was elected president of the local Lions Club for the first year, at the organization meeting and banquet held at the Chamber of Commerce Monday night.

About fifty Lions, including local members of the Club and a number of Dayton Lions, attended the banquet.

Famous Old Recipe
for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

quet and converted the Chamber of Commerce into a lion's den with club songs and yells.

Ira B. Quinby, general field secretary of the International Lions Club who has been doing the organization work in this city, was chairman of the meeting and conducted the election of officers. Other positions filled besides the president were E. S. Myers, first vice president; C. A. Waltz, second vice president; Karl Bloom, third vice president; T. C. Long, secretary and treasurer; directors elected for three years, Thearl G. White and E. H. Heathman; directors elected for two years, George L. Graham and J. Perry Shumaker; directors elected for one year, H. L. Sayre and Dr. J. O. McCormick. The positions of Tail Twister and Lion Tamer will be filled later.

Dr. B. W. Beatty, president of the Dayton Lions Clubs and District Governor.

HAD WHEEZING
COUGH NIGHTS

Lost weight, appetite gone.
Chest hurt and could not sleep
NOW FEELS SPLENDID

"Ever since I had the 'Flu' over a year ago I've been in wretched health. My appetite was nothing. Was all rundown and worn out from sleepless nights and my nerves were all to pieces. I was thin and losing weight all the time. That awful cough and wheezing in my left side was so bad and the pains in my chest so awful that I was miserable, it hurt me so.

"I read about Hypo-Cod in the papers and decided I must try it for I was not able to do half my household work. Results were fine and for a month now I've been doing my work and gaining each day. It improved my appetite and I'm really hungry at meal time. I have gained strength and several pounds in weight since I commenced to take this tonic. That awful cough which I had for five months has left me completely and the pain and soreness in my chest and side has left me. I recommend Earle's Hypo-Cod now to everyone because I feel sure it will help others," declared Mrs. Margaret Shaffer, wife of the well known N. C. R. worker and residing at the corner of Newport and Northview Aves, Dayton, O.

After any long wasting illness it is wise to build the system up quickly, it makes a person avoid complications and be able to get back to work much quicker. They should take a good tonic. Druggists, chemists and experts assert that Hypo-Cod is a most powerful reconstructive tonic. You will be pleased with its pleasant taste. Read the formula on a bottle at your druggist tonight. Take home a bottle with you.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns.

He said that there are now 15 Lions Clubs in Ohio with a membership of over 1,000 and that eight more clubs are being organized. RED CROSS WORKERS REPORT ENCOURAGING OUTLOOK IN DRIVE

Red Cross officials report an encouraging outlook for the local chapter in the Fourth Roll Call Campaign being staged by the chapters throughout the country.

The workers engaged in soliciting members forecast that the number of memberships which obtained will exceed the quota. Information is being daily given to the individual workers, and when the campaign ends, November 25, the report of the local quota will be sent to the Lake Division Headquarters of the Red Cross.

The quota which is aimed at is 50,000 or over. The membership obtained last year, being 50,000 it is thought that this year's quota may exceed this.

The real work upon the campaign did not begin until Monday, the reason being that the workers wished to have a better understanding of the work and what was desired of them, and this desire was fulfilled by Dr. Peterson's address at the Methodist Church, Sunday evening and the Red Cross pageant on last Thursday.

TWO NEW SUITS FOR DIVORCE BROUGHT

Two new suits for divorce were filed Monday in Common Pleas Court.

In a petition brought by Joseph C. Ary, through his attorney H. C. Armstrong, he asks for divorce from Frances Ary on the grounds of gross neglect of duty. The defendant is residing in Hamilton county.

Flossy A. Puckett, charges gross neglect of duty in her suit for divorce from George L. Puckett. She is represented by Attorney H. C. Armstrong. In the divorce case of Sarah Smith against Henry Smith, the court has allowed the plaintiff temporary alimony of \$5 a week and \$20 attorney's fees pending the settlement of the case. The plaintiff charges gross neglect and extreme cruelty.

The jury case of Newhall against Kelly which was assigned for Tuesday in Common Pleas Court has been postponed until December.

BURMA PROFESSOR WILL GIVE ADDRESS

COUNTRY CLUB WORK ROUNDING INTO SHAPE FOR PROMISED HOUSEWARMING

The hazy autumn landscape, a crazy-quilt of brown stubble field, brightened by patches of new wheat, presents a pleasing perspective from the porch of the new club house of the Xenia Country Club.

Situated on the crown of a knoll, and well enough away from the Springfield Pike to be free from the commercial atmosphere of interurban traffic, the club is not only happily

placed as to rural advantages but comfortably located within easy riding or walking distance.

With the rapid completion for occupancy of the club house, members of the Club who have visited the site are not only satisfied with the selection of the property in view of its present beauties but are also in anticipatory glee over the promised delight of the club in summer.

Work on the club house is being rushed in order that its opening and big housewarming party, may be sufficiently near on the calendar to permit of the affair being a wind-up to a hunting party, so that the game itself will serve as the piece-de-resistance at the opening dinner.

A large club room, comfortably fitted with a huge fireplace at one end, and with the windows of the opposite and looking out over the rolling land of the country-side, offers attractions for winter evenings, even before the interior decorators have started their work. The room is ample in size and well-lighted and will offer many clubby comforts when it is furnished according to plans of the house committee.

In the rear of the club room, are three smaller rooms, one of which will be fitted as a kitchenette large enough to take care of club dinners. Another is to be used as a dressing room, for women of the club. On the south end of the of the building, and running its entire length to the porch-end, are the showers and lockers for the men, providing ample locker space. The porch itself runs the length of the west side of the building, and is wide and comfortably large.

The club house has both electric service and piped water, a well having been drilled in the rear of the club house to provide the latter accommodation.

Many yards in front of the club house is the trap house, where club members who enjoy trap shooting will find opportunity for many pleasurable moments. The committee on traps has had constructed an all concrete trap house of the latest approved design and already some of the club members have tried their guns on the clay birds at the club.

The work on the greens has not been begun, nor will it be pushed much before spring. The sowing of grass, the construction of the nine-hole golf course planned, and the building of hazards will mean a lengthy job but it is planned to have the links in shape for early play next spring.

Enthusiasm for a country club, born in the Chamber of Commerce has inspired the organization of the first club of that nature here, and when the housewarming party is held it is expected the new organization will earn a popularity that will keep it alive and thriving from now on.

WORK OF THE SOCIAL SERVICE LEAGUE IS REVIEWED AT MEETING

The annual meeting of the Social Service League was held Monday night in the County Commissioners' room of the Court House, and several cases that needed attention were brought before the League.

A number of cases were reported which the League had been caring for and one particular case was that of an aged couple who lived alone and it was decided by the Social Service League to offer a worker to make regular visits, and companionship to the couple.

Committees were appointed at the meeting for the Thanksgiving offering, with Rev. Proudfoot as the chairman. The Thanksgiving dinner arrangements were put in the hands of a committee with Mrs. Walter Dean in charge. Plans have not been made for the place where the Thanksgiving feast will be served. Xenia's poor about 135 were served by the League last year in the rooms of the K. of P. Hall.

The sale of the tuberculosis Christmas seals will be arranged by a committee that will be appointed later. The funds received in this way are sent to the Tuberculosis hospitals throughout the country.

A report was given at the meeting by Mrs. Eber Reynolds, a delegate to the Ohio Council of Family Social Workers Convention, recently held in Columbus. Another interesting report was given by Health Officer E. H. Grube, who reported that there are no contagious diseases in Xenia City.

JAMESTOWN

A large concourse of people gathered at the home of the late James Roberts on Sunday afternoon for the funeral services which were conducted by Miss Bertha Day, pastor of the Friends Church. If You Have, the Statement of This Xenia Citizen Will Interest You.

Ever have a "low-down" pain in the back?

In the "small," right over the hips? That's the home of backache. If it's caused by weak kidneys, use Doan's Kidney Pills.

Xenia people testify to their worth. Read a case of it:

E. M. Lemin, 720 W. Second St., says: "Some time ago I was having considerable trouble with my back. It was lame and caused me a lot of suffering. When I went to lift anything sharp twitches of pain went through my kidneys and sides. I heard about Doan's Kidney Pills being good so I began using them and I only had to take two boxes before I was cured of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lemin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

This is one of the many reasons why we sell "Phelps POWER and LIGHT." This is one of the reasons, too, why we feel you will be more than satisfied with your "Phelps."

Regardless of the fact that "Phelps" delivers 1500 watts electric power PLUS 3 1/2 hp. to the belt (TWICE ORDINARY POWER), it costs you no more than plants that do less than half the work.

WORD OF DEATHS OF TWO IN THE SAME FAMILY RECEIVED

Relatives here received word Monday night of the death of Dr. Jessie Brown Dodds, widow of the late Dr. Robert Dodds at her home in Escandido, Cal. Sunday and of the death of her sister, Mrs. Sarah Brown Marshall, which took place in Escandido a week ago Monday.

Death of both was due to pneumonia according to the meagre details of the telegram received here. Both were former Xenians, but left this city many years ago and were for a time located in Chicago before going to California about a year ago.

Dr. Jessie Brown Dodds was a practicing physician, and operated a big sanitarium at Escandido. Her husband, Dr. Robert Dodds, who was for a number of years a prominent physician at Chicago, died in California about a year ago. One daughter, Mrs. McGlashan, survives.

Mrs. Sarah Brown Marshall was the widow of the late Hugh M. Marshall, whose death took place about eight years ago. She leaves a son, Cloyd Marshall, of New York City, a prominent electrical engineer, and two daughters. A sister Miss Edwina Marshall, was making her home with her sisters at Escandido and is the nearest surviving relative.

The late Mrs. George Dodds of this city was a sister, and nephews and nieces of Dr. Dodds and Mrs. Marshall are Frank W. Dodds, E. C. Dodds, George Dodds and J. C. Dodds of this city, Leslie Dodds, of Chicago, Miss Jessie Dodds of this city, Mrs. Carrie Dodds Geyer of Delaware.

MANAGER OF WESTERN UNION IS PROMOTED

Fred Smith, manager of the Western Union office in this city, has been promoted to Night Manager at Youngstown, and will probably leave Sunday to take up his duties in that city.

Mr. Smith has been connected with the Western Union in this city for over three years, and has been manager since January 24, 1920 succeeding W. E. Baxley to that position when the latter was transferred to Akron. He is now one of the youngest managers of any Western Union office in this district.

Mr. Smith will probably be relieved from his duties here, Wednesday. The Youngstown office is one of the biggest in the state and the position means an excellent promotion.

R. K. Beall, relief operator, is at the local office at present during the vacation of R. Earl West, operator here.

New Head for University.

Pittsburg, Nov. 6.—Dr. John Gahbert Bowman, director of the American College of Surgeons and formerly president of the State University of Iowa, has been chosen chancellor of the University of Pittsburg, to succeed Dr. Samuel Black McCormick.

HEART AND HOME PROBLEMS

Dear Mrs. Thompson: I am a girl fourteen years old and am large for my age.

There was one of my second cousins visiting my grandmother last week. I went down there to spend the night. Grandma told us to go after another girl so we could have a good time. When we got back we sat on a cot on the porch. He sat in the middle with an arm around each of us and he kept squeezing us. The other girl lay her head on his shoulder and he kept trying to make me, but I would not.

The next morning he was waiting for me and we went out on the front porch again. I had a big string of pearls over a yard long and he put them around his neck and mine. Then grandma came out and he took them from around his neck. Soon he got up and played with the cat.

That night we went to a dance with the other girl and every chance he had he held the other girl's hand. I stayed at the girl's house that night. The next morning he was there by nine o'clock for her to take him to the depot. They wanted me to go with them, but I couldn't. I had to stay at home and keep the children so mother and daddy could go to preaching. He told me good-bye and said to tell the rest good-bye for him. They brought me home on their way to the depot.

He lives at Birmingham, Ala. He told me while I was at grandma's if I would come down next summer the first thing he would do would be to come after me. Does he love me for a sweetheart? I do not want to marry one of my own kin and I am not going to do it. He is eighteen. I am not thinking of marriage until I am somewhere in the twenties.

Please give me the information you can. I will appreciate it. I surely did hate to see him leave. I cried four times the day he left. Mother said I could go down there.

"The Woman He Married"

BY JANE PHELPS

A Carriage For Junior

Chapter 14
"Oh, I was so ashamed!" I declared when the Stowells had left.

"Ashamed of what?" Dick asked. "That she had to climb all those stairs. Did you notice how she puffed?"

"That's because she's too fat. You don't blow like a porpoise when you come up, neither do I."

"We're used to it, and she isn't! Oh, I don't want people like them to come and see us until we can live decently."

"There, Nan, aren't you getting a bit excited. I think we live pretty decent and did you notice Stowell? That man would give his million or more—all he has for a kid like Junior."

"I noticed that, too. I wonder why I should think they would adopt a child if they have none of their own, especially if he is so fond of children."

"I guess it would be too much trouble for Mildred."

"Is that her name?"

"Yes."

"I think a very pretty name, don't you? Mildred Stowell."

"Not nearly as pretty as Nan. Come dear, it is late. We must get to bed. Stowell doesn't have to get downtown unless he wants to, you know, and your husband does. I thought they intended to stay all night."

Dick went to sleep almost immediately.

ately, while I lay awake for hours thinking of Mrs. Stowell, what she wore, and so on. Then that lovely motor car, a wonderful limousine! Dick and I had stood in the window watching until they drove away. I wondered if I ever would have a car like that—any car, in fact.

Finally, I too went to sleep, to dream of porpoises climbing stairs, and of wonderful motor cars that just as I was about to enter, disappeared in a sort of mist.

"What about the carriage, Dick? If we are going to get it, let's get it right away." He had been paid the day before, so I knew he had the money.

"You feel that you won't be contented with the go-cart?"

"I know I shan't!"

Very well. Here's the money. If you can get it cheaper Nan please do. Even if it isn't quite so handsome a one. Five dollars means a lot nowadays when everything has gone up in price so terribly."

"All right! I'll do the best I can, of course. I always do."

"I know you do, Nan." But he didn't look really happy like he usually did, and his kiss was hurried, his goodbye serious instead of gay. But I wouldn't allow myself to think of anything disagreeable. Mrs. Dooley was coming to stay with Junior, and Clara Watson was going with me to select

the carriage.

"How is the precious lamb?" Clara asked when I stopped for her. "He's so sweet he should have everything lovely."

"He's fine! And I am so excited over things, Clara. Who do you think called on us last night? Mr. and Mrs. Stowell, friends of Dick's before we were married."

"What Stowell? Not the banker?"

"Yes—and I was so mortified, Mrs. Stowell is rather stout and to have to climb all those awful stairs!"

"I don't blame you for feeling embarrassed. I always felt that way when I had callers, and I didn't have bankers and their wives, either. You'll have to make Dick take an apartment here, or near here. You said he'd been raised \$50 a month. If he takes half of that and adds it to your rent you can live in an elevator apartment—at least I think you can. Our rent has just been raised \$5 a month more, though."

"I don't see how you pay it, Clara. You have such nice clothes, and you are always buying pretty things for the house. I wish I knew your secret."

"No secret. Just get what you want and pay for it when you can." Then laughing a little, "And let the other fellow walk the floor, if you can't pay."

"The sweetest story ever told"

THE sweetest story ever told music lovers is the story of the Brunswick Method of Reproduction. For it is the story of true music.

The method of reproduction

The Brunswick Method of Reproduction is the right application of fundamental musical and acoustical laws. It consists of two simple, yet exclusive, Brunswick features now widely known—the Ultona and the Tone Amplifier. Together they operate as a unit.

The ULTONA—a scientific Brunswick creation—simple in structure and it plays all records infinitely better.

With but a slight turn of the hand it presents the proper needle and diaphragm to any make record.

Brunswick
PHONOGRAPHS AND RECORDS

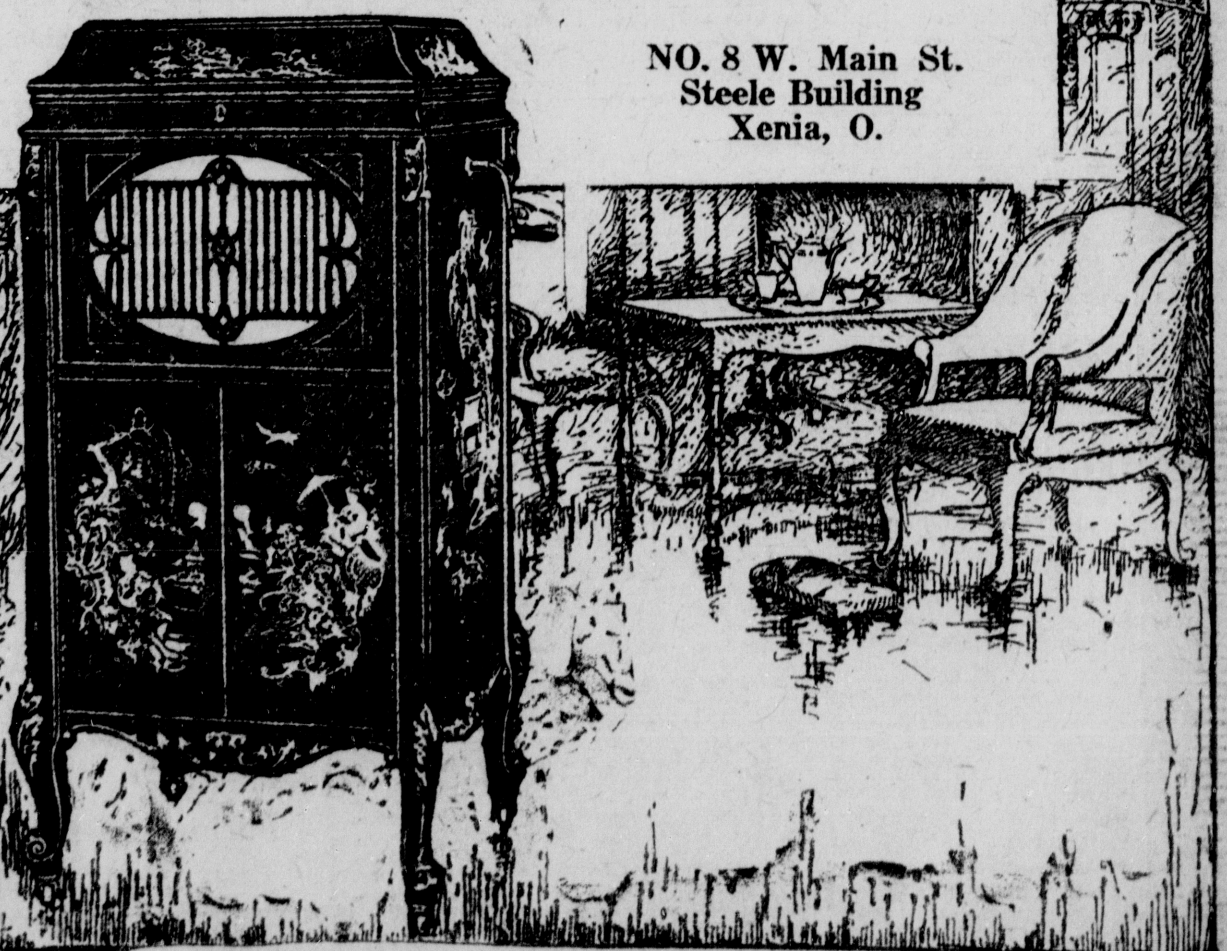

The TONE AMPLIFIER solves an old problem in acoustics. It is oval in shape and moulded of rare holly wood. Like the sounding board of a fine piano it is built entirely of wood. It is absolutely free from metal.

By this method of projecting sound, tone waves are unrestricted and allowed to unfold into full rounded tones that are rich, mellow and, above all, natural.

You buy only one phonograph and you cannot afford to make a mistake. It costs you nothing to be sure. Come in and find out for yourself.

Camel
CIGARETTES

Dear Old Boy Pete:

Dallas, Texas, Sunday.

This corner of the U. S. mainland is so wonderful in its bigness and bustle I guess I go mouth wide open and eyes staring! Why, Pete, Texans don't talk in miles—it doesn't mean anything! They'll tell you that this place, or that, is an all day trip, or two days and a night distant, etc! And, old yardstick, you've got the feet, just let it sink in deep that Texas is not only over 800 miles wide but it is our fifth state in population!

Heard a bird in the Adolphus hotel say that when he comes off the west border he figures he's close home to Baltimore when his across the Lone Star state! Say, try that jump between Terarkana and El Paso! Some jaunt!

Pete, everything grows big down here—business as well as folks' hearts! I like the way they never forget! Here I was walking on Main Street yesterday when as fine a type of man as ever wore one of those broad Texas smiles came up to me. "How are you, lieutenant," says he. "Maybe you'll call back that day at Camp Dick when I brought over a bunch of Camels for the boys," he continued. Right there a Camel conference started!

Golly, Pete, this party costs Camel compliments faster than the mint makes money! "Lieutenant," says he, "I know when I'm set! I've smoked cigarettes for five years! (Now LISTEN, PETER!) I know Camels and I know their marvellous mild, mellow body and refreshing flavor and wonderful Turkish and Domestic Blend! A million Camels wouldn't tire a smoker's taste!" Pete, that's some testifying!

Between you and me, I'll be gazing at tall buildings and things around 43rd & Broadway—New York—about the hour this note hits Boston's Back Bay! Write me at the same old stand!

Sincerely
Shorty.
